

FENCING SOLUTIONS FROM INCORD

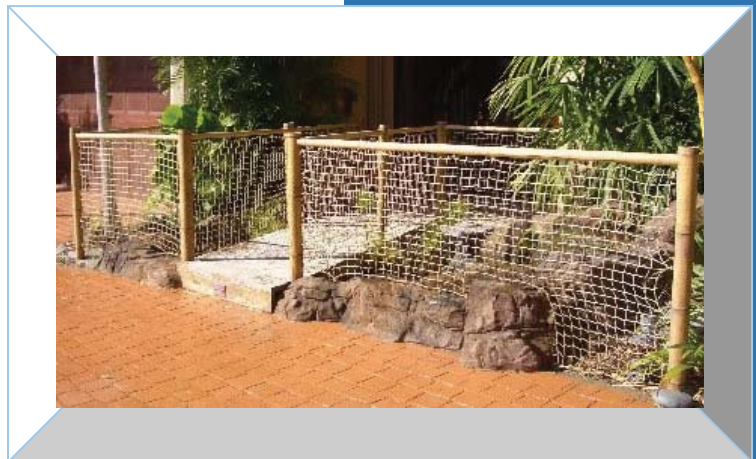

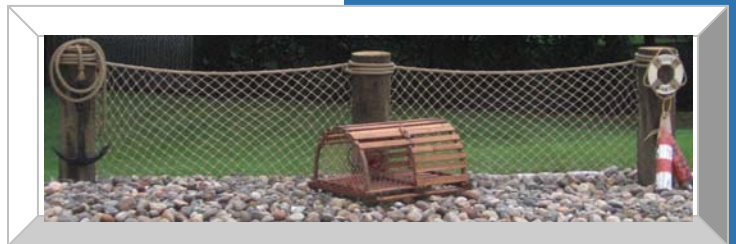

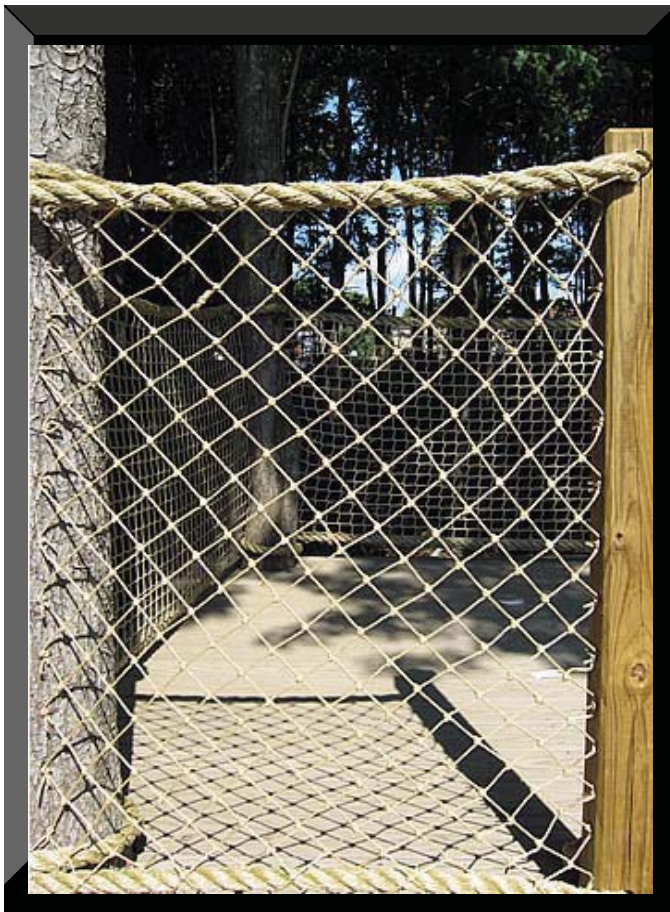

Safety Netting for Fencing

- Choose from a variety of colors, mesh sizes & cord diameters
- All nets are custom made to fit your specifications
- Made of strong, long lasting materials. (Polyester or high-tenacity Polypropylene)
- Use nets for railings, balustrades, barriers or for climbing

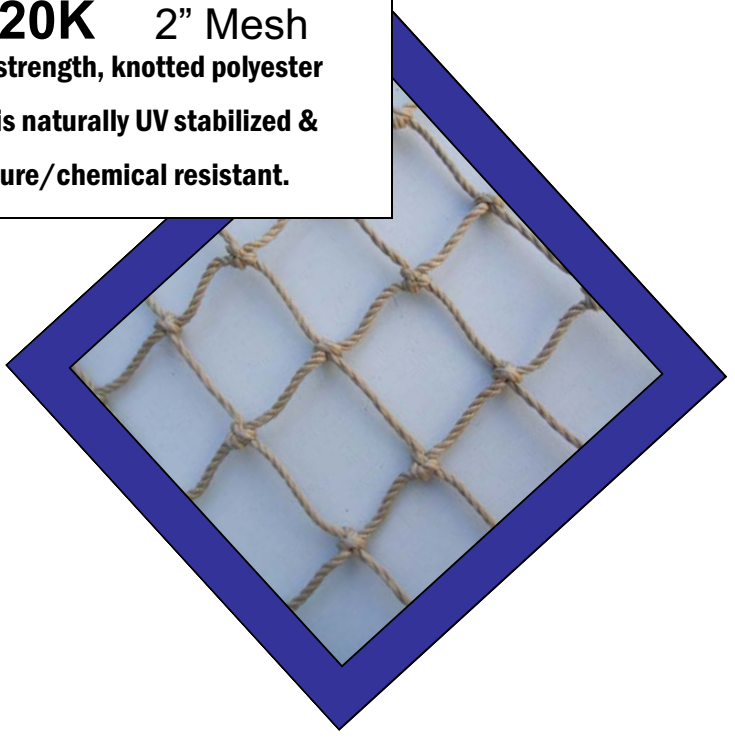

We stock ¼", ½", 1" and 1 ¼"
ProManila Rope for Handrails

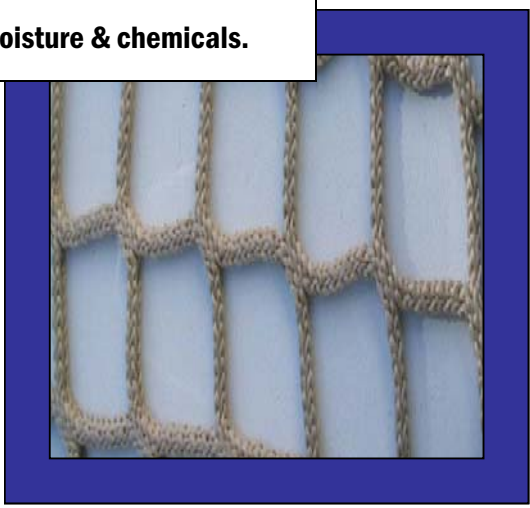

P360K 3" Mesh
Knotted polyester provides greater abrasion resistance & less stretch than equivalent nylon.

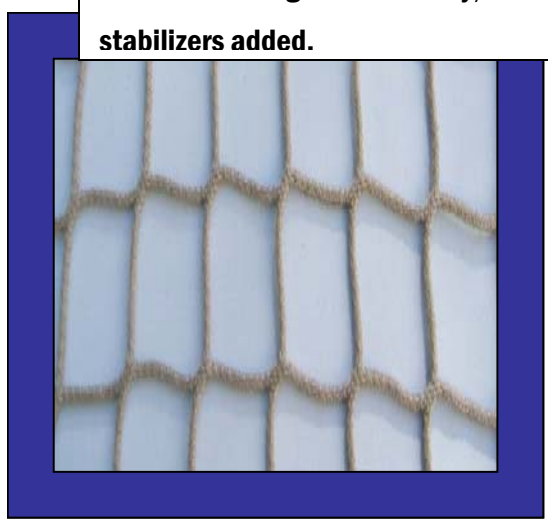

P820K 2" Mesh
High strength, knotted polyester fiber is naturally UV stabilized & moisture/chemical resistant.

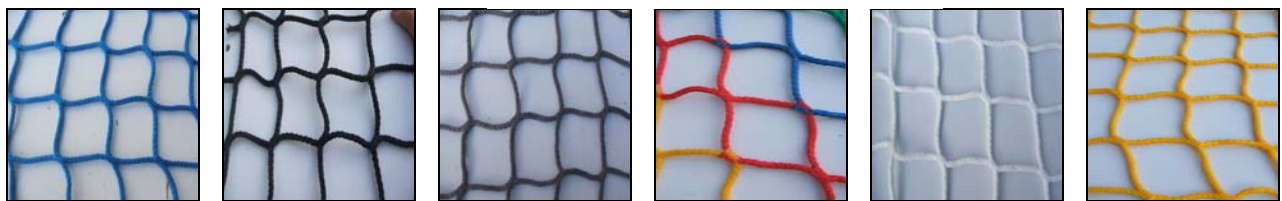

N-815 2" Mesh
High Tenacity Polypropylene fiber is highly resistant to abrasion, moisture & chemicals.

M-1250 2" Mesh
Knitted construction throughout netting enhances strength & durability; extra UV stabilizers added.

M-1250
